EXPRESSION OF CONCERN

Attached for your information are comments on KIQs and draft Perspectives, gleaned from the participants in the NSCIC Working Group. I hope they will be of assistance to you.

At the same time, I wish to pass on the concern of the WG at the continual slippages in the schedule of issuances of the intelligence guidance documents. Members feel that as a consequence they are not being given sufficient opportunity to make consumer inputs. Neither are they given an opportunity to comment on the end products. I hope that this concern can somehow be eased, and the improvements we all desire in consumer satisfaction can be achieved.
